

Let's build a place where ALL kids can be kids.

Playgrounds should be for everyone • *The Madison Claire Foundation* has a vision to build **Madison's Place** in Woodbury, and will be located at the Bielenberg Sports Complex. Madison's Place will be an "inclusive playground" completely handicapped accessible where children with disabilities as well as those typically developing can play together, side by side fostering friendships, understanding and acceptance. This will be the first of its kind in the Woodbury community!

Unique features of Madison's Place will include:

- Play structures that include ramps so every child will be able to reach the highest play deck
- Brightly colored rubberized tile flooring which will provide an accessible foundation for the playground
- Swings, accessible swings, and ground level play components that can be accessed by all children
- Activity panels and music drum surround to provide cognitive and sensory development
- A metal slide for persons with cochlear implants or hearing aids which prevents feedback and static created in traditional plastic slides

Perhaps the most important and most expensive component of the playground project is the flooring, which will consist of brightly colored rubberized tiles. These tiles will provide the accessible foundation for the playground. The proposed cost for this flooring is \$191,761.00. Thru the Buy a Tile Program, individuals and families are given the opportunity to buy a tile for \$100.00 and support a significant community need. To reach our goal in raising \$191,761.00 we need to sell 1,948 tiles.

If you would like to support the playground by purchasing a tile, please fill out the form below. All donations are tax deductible as the Madison Claire Foundation is a 501(c)3 non profit organization. All donors will receive special recognition in an edition of the Woodbury Bulletin.
